RESEARCH & DEVELOPMENT

Our well-trained R&D are familiarized in developing everything related to chemical. Every 2 years, our R&D will be sent to Taiwan to update our knowledge on improvements to our existing product bases and production techniques.

Our quality control team test every single batched product to ensure the quality. We keep sample of every batch at least for one year to observe the long-term quality issue.

LOGISTICS AND WAREHOUSE

We have our own Logistic fleet which offers flexibility to our partners. Our warehouses are situated in strategic locations to help assist with deliveries to each part of Thailand. To add to this, our warehouses extend overseas, and we have a wide list of partners who distribute our products. With our widespread warehouses, you can be sure to save up storage cost, as well as be assured to receive your products in a timely manner.

We have 3 warehouses in Thailand at each strategic location namely: Bangkok, Chonburi x2, and Phetchaburi.
